Dear Ms. Alfano:

Thank you very much for the opportunity to speak before the Woodbridge Metro Chamber of Commerce at the recent State of the Township address.

Most importantly, I appreciate the forum to clearly delineate our accomplishments over past years and define our specific goals for 1995. Furthermore, your continued involvement and leadership is essential to move our Township in a positive economic direction.

Your work with the Woodbridge Metro Chamber of Commerce has been greatly recognized and appreciated. It is only through your commitment and dedication that we may hope to proceed with a solid economic agenda for our community.

Thank you once again for your time.
