

Small Business Spotlight - CompuTrail

Founded in 1983, CompuTrail, Inc. has always been in the forefront of emerging trends and technology. Founder and President, ElaineKay Alfano is a firm believer in providing services and products that are both timely and leading edge.

CompuTrail, Inc. is an office automation and word processing firm that specializes in the implementation and use of application software to meet the needs of business both large and small. The company has a wide range of clients including accountants, contractors, teachers, writers, and small business professionals, as well as companies such as Schering Plough, Prudential, Jacobson, Goldfarb and Tanzman, Bristol Meyers, and Cosmair.

Ms. Alfano is a perfectionist. The work of her company is backed 100%, and she attributes over 14 years of success largely to this factor. The company provides a complete line of off the shelf application software solutions, custom solutions, local area networks, training and hardware trouble shooting and repairs.

In 1995, Ms Alfano and Vice President, William F. Hill, formed a marketing division of CompuTrail, Inc. called the BEKAH Group. The BEKAH Group World Wide Web Site will introduce you to their Waterless and Water Saving Technology. You can visit this Internet site at: www.cybertime.com/computrail/

April 8, 1996, marked the opening of CompuTrail's newest joint venture "The Net.Smart Training Center", located in Edison. CompuTrail, Inc. and ETR Computer Group, Inc. have formed a partnership to help local internet users understand the workings of the World Wide Web and receive hands-on PC training connected to the Internet.
